# Purpose

Delivering sustainable Italian design to global markets

**We develop ideas, we solve problems, we anticipate questions.**

With more than thirty years of experience, we deliver customised solutions and modular systems for trade fairs, congresses, events, exhibitions and showrooms. We support clients across Italy, Europe's major exhibition centres and other international markets.

# Prostand around the world

## Italian design, global network, green heart.

**Our network of companies enables us to support clients globally.**

The acquisition of **Immaginazione** has strengthened our capacity to organise **conferences and events across Europe.**

In the United States, we operate through **FB International**, which - like Prostand - is part of Italian Exhibition Group.

Our international outlook is further reinforced by our membership of **IFES: the International Federation of Exhibition and Event Services.**

# Prostand certifies and fully offsets its CO<sub>2</sub> emissions.

Prostand is the first Italian company in the sector to have completely offset its emissions through mitigation strategies and the purchase of **certified carbon credits**.

The roadmap began with the quantification of the entire organisation's emissions, leading to **ISO 14064-1:2018** certification and the **total offsetting of emissions** through carbon credits.

## MORE

MEASURE / OFFSET / REDUCE

The Prostand sustainable approach

### MEASURE -

We measure understand our carbon footprint.

CERTIFIED  
ISO 14064-1

### OFFSET -

We offset emissions through certified carbon credits.

Verified Carbon Standard

### REDUCE -

We reduce our emissions through the progressive implementation of a mitigation plan.

# Osservatorio Allestimenti

by Prostand

**The first Italian observatory dedicated to temporary architecture for a sustainable economy in business spaces.**

Our vision of corporate responsibility goes beyond reducing our environmental impact, fostering a culture of sustainability through outreach initiatives of the Osservatorio, developed with universities and international research institutes.

The Osservatorio focuses on sector trends, drawing on cross-industry insights and a holistic approach to sustainability.

## Prostand Corporate Academy

Prostand Corporate Academy supports personal development through specialised training and employment, particularly in the field of Temporary Architecture. Its mission is to recognise all talent, promote inclusion and worker wellbeing, and strengthen a positive sense of self and professional identity. The Academy's programmes are open to internal and external staff, as well as to anyone wishing to enter or re-enter the job market through **specialised qualification** pathways.
